Highlights

Start simple with smart Wi-Fi LED

It's easy to get started with smart lighting. Simply screw in your bulb, download the WiZ app and follow the steps. And you're ready to go! Need more help? Get live in-app chat support.

Instant app control

Adjust the lighting from anywhere using the free, easy-to-use app. No need to go from room to room to make sure all your lights are off. Control all lights wherever you are with the smartphone app for iOS and Android.

Go hands-free with voice control

Get hands-free control of your lights and use your voice instead. With voice-activated devices from Google and Amazon or use Siri shortcuts, you can control your lights with just the sound of your voice.

Millions of colors, pre-set static and dynamic scenes

Live life colorfully. Choose from a palette of millions of light colors to create an amazing atmosphere in your home. Dynamic light modes make any room glow in your favorite color.

Warm white light that dims and tunes

Create a cozy atmosphere with a thousands shades of relaxing warm white light. Use the WiZ app or favorite voice device to switch between different tones of white light and dim for the right mood.

Cool white light that dims and tunes

Brighten up your home with a cool energizing daylight. Dim and tune via voice or app for the right light that supports your daily activities.

Designed for the comfort of your eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Light that shows true colors

See the true colors of your clothes when you select an outfit from your wardrobe – you can pair a red dress and red shoes with confidence and be sure the colors match perfectly.
