Step into the adventure

Let your child travel the fairy-tale world in his bedroom. The Philips myKidsRoom Sky ceiling light dons a design of clouds against blue sky with a nifty circling aeroplane. Light up their imaginations.

Sustainable light solutions

- Philips bulb always included
- Energy saving
- Warm white light

Special characteristics

- Suitable for wall and ceiling installation

Designed for your kids' room

- For kids

Highlights

Philips bulb always included

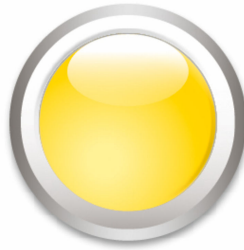

High-quality Philips EcoLamp energy-efficient light lamps are included in the box for achieving the best light effect.

Energy saving

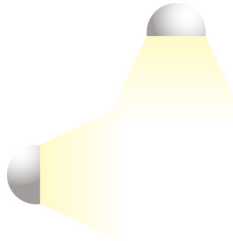

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Wall and ceiling installation

Install this lamp as a wall light or ceiling light, just the way you like it.

For kids

This Philips child's room lamp creates an environment that encourages children to indulge in what they enjoy most: fun and creativity! But this lamp is also designed to be safe for your child: it is cool to touch and robust, and uses non-toxic paint.
