TunnelView

TULS/TULM/TULL

## Tunnels demand reliable solutions with maximum durability

With TunnelView, savings add up quickly due to fast, simple installation, partnered with significantly less and easier servicing than traditional products, which helps minimize costly traffic disruptions.

# TULS/TULM/TULL TunnelView

## Tunnel and underpass luminaire

### Stainless steel screws –

All exposed screws are stainless steel with ceramic primer seal for high resistance to corrosion

### Glass lens –

Offers IK09 impact protection

### Optional Tool-less latches –

For easy access

### Secured door –

Door is removable and secured with tether to prevent accidental dropping or disengagement

### Heat sink –

Built into the housing, ensures high efficacy and superior cooling by natural convection air flow pattern, always close to LEDs and driver optimizing their efficiency and life

### LEDs + Lens –

High performance optics optimized for maximum spacing, target lumens, and lighting uniformity

### Metal core board –

Ensures greater heat transfer and longer lifespan

### Service Tag –

Signify's innovative way to provide assistance throughout the life of the product

### Durable construction –

Rugged, anodized low copper die-cast aluminum housing for maximum durability in harsh environments

### Gasketing –

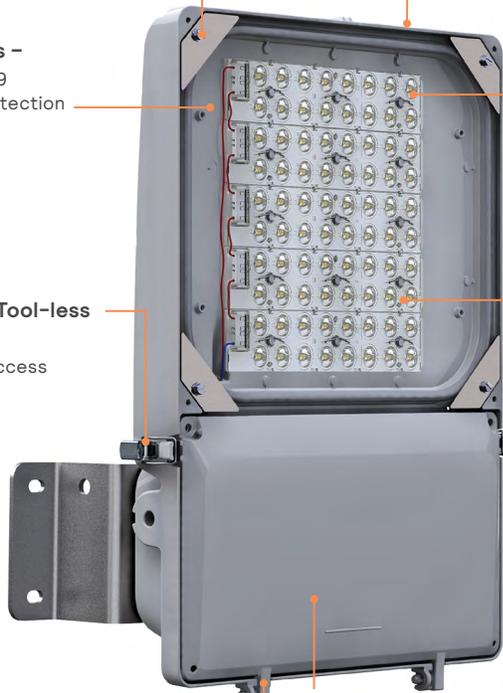

IP66 rated luminaire

### Additional features –

- Three sizes for application flexibility
- Lumen output ranges from 1,700 to 53,900
- Efficacy up to 144 LPW
- Nine optical distributions for maximum versatility
- Color temperatures in 2700K, 3000K, or 4000K
- Swivel, slipfitter, or seven fixed mounting brackets available
- Controls options: 0-10V Dimming, DALI, Sensor Ready, NYX Hemera ready
- Finish available in black, bronze, or gray
- Junction box option for through wire and continuous row mounting

### SR Driver & Sensor Receptacle –

Optional to add flexibility for now or in the future, luminaires ship with a protective cap
