Freshen up with beautiful natural light

Groom yourself by the light of the Silvery moon. This chrome spherical Philips myBathroom wall light may not be the real thing, but it is made from quality glass and chrome, to give warm white light that shows skin colour correctly.

Sustainable light solutions

- Compatible with in-wall dimmers
- Philips bulb always included
- Energy saving
- Warm white light

Designed for your bathroom

- IP44, perfectly suited for your bathroom
- True skin colour with high-quality light

Highlights

Compatible with in-wall dimmers

Adjust the brightness of this Philips light with an in-wall dimmer (not included) to set the mood in the room, highlight a feature of your home and more.

Philips bulb always included

High-quality Philips light bulbs are included in the box for achieving the best light effect.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.

True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.
