Indulge your sense of style

- Stylish contemporary designs
- Soft beige

Bathe your home in warm light

- Diffused warm white light

Highlights

Saves up to 80% energy

The big advantage of fluorescent lighting is its energy efficiency. A fluorescent lamp consumes just one fifth of the energy of a conventional lamp. That means installing Philips fluorescent lighting in your home to replace standard lamps will reduce your lighting electricity bill by around 80%!

Robust and reliable

Built to last. Every piece in the Philips lighting collection uses high quality materials and components. With this Philips lamp, you can buy a high-quality lighting fixture that lasts and lasts.

Ultra-long lamp life

Philips lamp included with an ultra-long lamp life, up to 10,000 hours.

Stylish contemporary designs

This Philips lamp has a clean, contemporary look that breaks the mould of traditionally bulky and unattractive energy-saving products. Slim and chic, each design lamp in the collection has been carefully designed as the perfect combination of form and function.

Soft beige

Very natural and soft completing any cosy chic interior, beige is often compared to the colour of sand.

Diffused warm white light

This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.
