- Easy and wireless control with the dimmer switch (included)
- Set timers for your convenience
- Create your ambiance with warm white to cool daylight
- Relax, read, concentrate and energize with light recipes
- Control it your way

Highlights

Wake up and go to sleep

Philips Hue will help get you out of bed the way you like it, helping you start your day feeling refreshed. The light brightness increases gradually mimicking the effect of sunrise and helps you wake up naturally, instead of being woken up by the loud sound of an alarm clock. Start your day, the right way. In the evening, the relaxing warm white light helps you to unwind, relax and prepare your body for a good night's sleep.

Installation free dimming

Experience guaranteed smooth dimming with Philips Hue. Not too bright. Not too dark. Just right. No need for wires, an electrician or installation

Requires a Philips Hue bridge

Connect your Philips Hue lights with the bridge to control your lights from your smart phone or tablet via the Philips Hue app.

Dimmer switch (included)

With the battery-powered dimmer switch for Philips Hue, you can control the light of your white ambiance lamps easily. Cycle through the 4 different light scenes by simply pressing the on-button, dim the light up or down and settle for ease of use. The dimmer switch can be placed anywhere in its small and elegant dock and needs no wiring. Use as a remote control or as a light switch against the wall and enjoy the right light recipe for every moment of your day. You can add up to 10 Hue lights to one dimmer switch.

Timers for your convenience

Philips Hue can make it seem like you're home when you're not, using the schedule function in the Philips Hue app. Set the lights to come on at a pre-set time, so the lights are on when you arrive home. You can even set rooms to light up at different times. And of course, you can let the lights turn off gradually in the night, so you never have to worry whether you've left any lights on. Connection with the Philips Hue bridge required for this functionality.

Create your ambiance

Set the right ambiance for any moment and decorate your home with warm to cool white light. Enjoy a relaxing atmosphere with warm white light or a cozy, ambiance to wind down in. Delight in a clear and bright setting with natural white light or cool day light for your daily routine.

Light for your daily routines

Light influences our mood and behavior. Philips Hue can help you to customize your daily routines into

moments you can enjoy. Enjoy a hearty breakfast with cool and bright white daylight that helps to energize your body and mind. Stay focused in reading and writing with finely tuned, bright white light. Indulge in your bedtime regime with a soft glow of warm white light for the perfect end to the day.

Control it your way

Connect Philips Hue lights with the Philips Hue bridge to enjoy optimal control of lights from your smart devices via the Philips Hue app. Alternatively, add switches to your system to activate your lights. Set timers, notifications, alarms and more for the full Philips Hue experience. Philips Hue works with Amazon Alexa*, Apple HomeKit, Google Home* and DingDong* for a seamless voice control. Turn your lights on and off, change your color ambiances and recall your pre-set scenes conveniently with your voice.
