- Adjustable spot head

Designed for your home office

- For any room in your interior
- Natural and recognisable forms

Designed for your living room and bedroom

- Warm white light
- High-quality materials

Highlights

Accent lighting

This Philips spot light has the perfect light beam for accent lighting allowing you to emphasise any detail or feature in your interior.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Adjustable spot head

Direct the light where you want it most by simply adjusting, rotating or tilting the spot head of the lamp.

For any room in your interior

Fully functional and at the same time very elegant, this Philips spot light will bring a decorative touch to any room in your home.

Natural and recognisable forms

Soft transitions and curved lines define the timeless look of myLiving by Philips. Practical and elegant, myLiving spot lights are unobtrusive and blend perfectly into any contemporary interior.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

High-quality materials

This lamp is sculpted from layered patterns of high-quality materials with superior finishing. This ensures a solid and long lasting product that will enhance your home for many years to come.
