Accent your home with light

This Philips myLiving Star LED wall spot speaks of timeless elegance with its chrome leg and powdered grey paint body. With latest LED technology, this energy saving spot provides plenty of warm white light to brighten your room in style.

Sustainable light solutions

- Energy saving
- High quality LED light
- Long operating life up to 15 years
- Warm white light
- Philips offers 5 year warranty on the LED module and driver

Special characteristics

- Adjustable spot head

Highlights

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

Long operating life

A light source you can trust. The integrated LEDs, used in this Philips LED lamp, will last up to 15.000 hours (which equals 15 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). It feels so comfortable to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambiance in your home.

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

5 year warranty on LED system

On top of the standard 2 year warranty for this lamp, Philips offers 5 year warranty on the LED system, meaning the LED module and the driver in this lamp.

Adjustable spot head

Direct the light where you want it most by simply adjusting, rotating or tilting the spot head of the lamp.

Specifications

Design and finishing

- Color: aluminium
- Material: aluminium

Extra feature/accessory incl.

- 5 years warranty on the LED module: Yes
- Adjustable spot head: Yes
- Defined light beams: Yes
- LED integrated: Yes
