### Advanced LED light

- Adjust light level easily with provided remote control

### Energy saving

- 80% energy saving, compared to traditional light sources

### Flexibility

- Adjustable slide modules for a personalized design

# PHILIPS

# Highlights

## Bright cool white light

High power LED source

## Extremely long life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20,000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13,000 on/off switching cycles). It feels so comfortable to think that you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

## Dimmable with remote control

Adjust the light intensity with a remote control (included). Ideal for creating an ambience for any occasion, whether a cosy meal for two or chilling out with family and friends in your living room.

## 80% energy saving

Save up to 80% energy compared to your standard bulb. It pays for itself and saves you money year after year. So reduce your energy bill and start saving Now.

## Adjustable slide modules

This light fixture comes with independent slide modules that can be moved and customize to your preference. Be it to the shape of your room or to your dinning table, you can distribute the light as your requirement.
