- Portable and long-lasting battery for complete flexibility
- Candle mode
- Easy on product control
- USB chargeable
- Dimmable

Designed for your living room and bedroom

- Battery lifetime
- Dynamic light effects
- Warm white light

Highlights

Portable and battery-operated

Battery-operated and compact, this Philips portable light can be easily carried and placed in any corner of your house. And it has a long-lasting battery of 6 hours on full brightness.

Candle mode

You want to create a unique ambiance in a room, decorative and enchanting? You can also switch this Philips portable light to candle mode. This way it gives a warm glow and dynamic flicker.

Easy on product control

With the discreetly integrated button, you can easily select a different colour and dim the lantern.

USB chargeable

This Philips portable light can easily be charged with any compatible USB port, for example through your laptop or any USB plug. The USB cable is included.

Dimmable

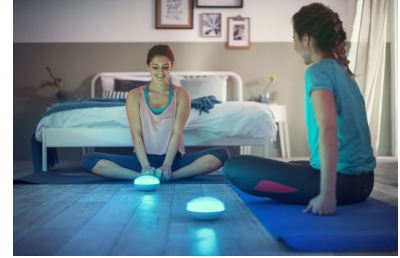

The brightness can be adjusted to different intensities by simply pushing the button on the product. This way you can easily create the perfect mood in the room.

Battery lifetime

The Camellia has a long-lasting battery of 6 hours on full brightness and 40 hours on dimmed light.

Dynamic light effects

The Philips Camellia comes with 6 different light settings, for every mood, for every occasion. Apart from "Reading Light" and "Candle Light", you also have 4 different dynamic colours: "Pink Sunrise", "Purple Night", "Turquoise Ocean" and "Forest Shine".

Warm white light

Philips introduces the latest generation of high power LEDs, reaching a colour temperature of 2700 Kelvin. It sheds a soft warm white light which is ideal for reading a book in places where you don't have enough light. The lamp fits perfectly on a bedside table or desk.
