Let the colors blend naturally into your interior
- Choose among 7 colors including white
- Automatic color changing mode
- Diffused light effect

Ultimate flexibility in installation
- Easy to mount with adhesive tape
- Cut to size
- Plug & Play: easy installation

Highlights

Safe LED technology

The LightStrips are safe to touch and use without the risk of open electricity.

Protective silicon layer

Enhanced protection for electrical parts against dust and moisture, even during cleaning.

Easy-to-use control switch

The control switch allows you to switch the LightStrips on and off. With the color change button you can also choose 1 of the available 7 colors or simply put the LightStrips on auto color changing mode.

Choose among 7 colors

Choose your favorite color out of the 7 different colors including white.

Automatic color changing mode

To activate the color loop mode, simply flip through the colors by pressing the color change button. Colors will be displayed in the following order: red, green, blue, light green, light blue, purple, white and finally the color loop mode.

Diffused light effect

All the different colors blend naturally into your interior thanks to the diffused light effect with an output of 90 lumen/meter.

Easy to mount

Paste the LightStrips wherever you like thanks to the integrated high quality adhesive strip on the backside.

Cut to size

If your LightStrips do not exactly fit the required application, you can easily cut them to size. Cutting marks on the product indicate where to cut.

Plug & Play: easy installation

The LightStrips are very easy to install and guarantee immediate fun thanks to the plug & play principle. Everything you need is already included in the box and explained in the Quick Start Guide.
