Color your world with light

The LightStrips Extend add a colorful dimension to your interior. Use them to highlight furniture, architectural features or wall-spaces. The extension possibilities – up to 5m – only make it easier to create the perfect light.

Easy and safe to use

- Safe LED technology
- Protective silicon layer

Let the colors blend naturally into your interior

- Choose among 16 colors including white
- Diffused light effect

Ultimate flexibility in installation

- Easy to mount with adhesive tape
- Extendable up to 5 meters with the available extension kits
- Cut to size

Highlights

Safe LED technology

The LightStrips are safe to touch and use without the risk of open electricity.

Protective silicon layer

Enhanced protection for electrical parts against dust and moisture, even during cleaning.

Choose among 16 colors

Choose your favorite color out of the 16 different colors including white.

Diffused light effect

All the different colors blend naturally into your interior thanks to the diffused light effect with an output of 125 lumen / meter.

Easy to mount

Paste the LightStrips wherever you like thanks to the integrated high quality adhesive strip on the backside.

Extendable up to 5 meters

The LightStrips Extend are easy to install in different types of applications. The separately available extension kits allow you to extend your product up to 5 meters of length.

Cut to size

If your LightStrips do not exactly fit the required application, you can easily cut them to size. Cutting marks on the product indicate where to cut.
