# Highlights

## On/off switch on cable

With the switch discreetly integrated into the cable, you can easily switch the lamp on and off.

## High quality LED light

The LED technology, integrated into this light, is a uniquely developed solution by Philips. While instantly turned on, it enables optimal light output and brings out vivid colours in your kid's room.

## Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lights with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This light offers warm white light for a cosy atmosphere.

A place where your child can study, play and sleep accompanied by their favourite Disney character. This light is designed to be safe for your child.
