## Decorate your home with light

Turn your living room into a canvas, with the warm white light of this nickel Philips myLiving wall and ceiling light. Designed for long-lasting, energy-saving performance, the ceiling light can bring you a bright, uniform glow anywhere.

### Sustainable light solutions

- Energy saving
- Warm white light

### Special characteristics

- Suitable for wall and ceiling installation

# Highlights

## Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

## Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light.

This Philips lamp offers warm white light for a cosy atmosphere.

## Wall and ceiling installation

Install this lamp as a wall light or ceiling light, just the way you like it.
