Easily upgrade to LED from linear fluorescent

This Philips LED linear tube provides an exceptionally long life and significant energy savings. With its bright colour temperature, this tube is the perfect long-lasting replacement for your linear fluorescent(TL) tubes.

High quality light

- Cool, day light

Choose a simple replacement for your old bulbs

- Can replace T8 or T12 linear fluorescent applications

Choose for a sustainable solution

- Contains no mercury

Highlights

Cool, day light

This bulb has a color temperature of 6500K, and is the highest color temperature available in this bulb category. It therefore gives you a lighting effect that is the closest to that of natural daylight. This will help you focus and experience every detail.

Contains no mercury

No mercury allows for non-hazardous waste disposal, so this characteristic provides a simple way to make your current space more sustainable.

Similar to linear fluorescents

Can replace T8 or T12 linear fluorescent applications, and simple rewiring allows this lamp to run directly off mains voltage** and allows fixture to maintain original UL Compliance.
