One bulb three light settings

Sometimes you feel like a change in ambiance to suit whatever you're doing. With a Philips SceneSwitch LED bulb, you can easily change the setting with your existing switch. No dimmer or additional installation is required.

Sustainable choice

- Lasts up to 15 years

Create a warm atmosphere

- High color rendering (CRI \geq 80) for vivid colors
- Beautiful, switched on and off

Easy to enjoy

- Avoid the hassle of changing bulbs

High quality light

- Designed for the comfort of your eyes

Choose for a sustainable solution

- Safe for any room and convenient to recycle

Light beyond illumination

- Instant light when switched on

Highlights

Lasts up to 15 years

With a lifetime of up to 15.000 hours, this Philips LED lamp will ensure your desired atmosphere for up to 15 years.*

High color rendering (CRI>80)

The color rendering index (CRI) is used to describe the effect of a light source on color appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colors truly and naturally.

Beautiful, switched on and off

Light can have different color temperatures, indicated in units called Kelvin (K). Bulbs with a low value produce a warm, more cozy light, while those with a high Kelvin value, create a cool, more energizing light.

Avoid the hassle of changing

The durable alternative to incandescent light bulbs, Philips LED bulbs can be installed and forgotten about, maintaining their beautiful light beam for years and years to come.

No hazardous substances

Philips LED lights contain absolutely no hazardous materials, making them safe for any room and convenient to recycle.

Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Specifications

Characteristics

- Shape: Bulb
- Dimmable: No
- Socket: E27

Bulb dimensions

- Height: 11.1 cm
- Width: 6.1 cm

Durability

- Average life (at 2.7 hrs/day): 15 year(s)
- Lumen maintenance factor: 0.7
- Nominal lifetime: 15,000 hour(s)
- Number of switch cycles: 100,000

Light characteristics

- Application: Soft light
- Color rendering index (CRI): 80
- Color temperature: 3000 K
- Light Color Category: White
- Nominal luminous flux: 806 - 320 - 80 lumen
- Starting time: <0.5 s
- Warm-up time to 60% light: Instant full light

Miscellaneous

- EyeComfort: Yes

Other characteristics

- Lamp current: 100 mA

Packaging information

- Product family: SceneSwitch, EyeComfort

Power consumption

- Power factor: 0.5
- Voltage: 220–240 V
- Wattage: 9, 3.5, 1.5 W
- Wattage equivalent: 60 W
- Energy Efficiency Label (EEL): A+

Rated values

- Rated lifetime: 15,000 hour(s)
- Rated luminous flux: 806 – 320 – 80 lumen
- Rated power: 9.5W – 3.5W – 1.5 W

Issue date: 2023-11-08
Version: 0.467
