Warm white

Non-dimmable

8718696715406

## designed for a wide range of applications

LEDbulb saves up to up to 89% energy. It also has a longer lifetime of 10,000 hours

### Save on energy

- Energy savings

### Instant brightness

- Set lights to turn on and off when you're away from home

### Create an active atmosphere

- Cool, energizing light (3000K)

### Light beyond illumination

- Instant light when switched on

# Highlights

## Energy saving

Enjoy the energy-savings of LEDs without sacrificing light quality

## Safety and security

If you're working late or out for the night, you can simply turn your connected lights on or off remotely. That way you can make it look like you're at home, even when you're not. You can also set your lights to come on at a set time. Ideal if you're away on holiday but you want people to think you're still in! The lights will switch on just before you arrive home from work; that way you'll never come back to a dark house again.

## Cool, energizing light (3000K)

Light can have different color temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more cozy light, while those with a higher Kelvin value produce a cool, more energizing light.

## Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

# Specifications

## Characteristics

- Shape: Globe
- Dimmable: No
- Socket: E27

## Durability

- Nominal lifetime: 10,000 hour(s)

## Light characteristics

- Light Color Category: White

## Power consumption

- Voltage: 220–240 V

## Packaging dimensions and weight

- EAN/UPC – product: 8718696715406
- Net weight: 0.130 kg
- Gross weight: 0.170 kg
- Height: 13.800 cm
- Length: 6.900 cm
- Width: 6.900 cm
- Material number (12NC): 929001355008

Issue date: 2023-11-08  
Version: 0.524
