The NEW classic light bulb

The traditional light bulb has evolved. Philips' energy-saving technology uses 30% less energy than standard bulbs, guaranteed. With high-quality, dimmable light, The New Classic light bulb is the cheapest way to start saving energy now.

Sustainable choice

- Save energy from the moment you turn the switch

Full luminaire compatibility

- Designed to look like a traditional incandescent lamp

Personal scene setting

- Best dimmability to dims and create a cozy atmosphere

Beacon of trust

- You can trust what the Philips packaging is saying

Extra burst of energy for more focus

- Bright light to enhance your work and play

Direct light when turning the button

- Provides light instantly from the moment you switch it on

Highlights

Energy efficient

All Philips energy savers save energy from the moment you turn the switch. During their lifetime they use fewer kW and thus also result in a lower energy bill. The level of energy saving differs per lamp type and technology.

Classic shape

These lamps are designed to look like a traditional incandescent bulb, candle, lustre or spot. Similar look and feel, but a smarter investment.

Best dimmability

This Philips lamp can be used in combination with all dimmers and will not only turn down the dim light to 1% but also create a cozy atmosphere as you are used to with your incandescent.

Reliable quality

Philips keeps its promises about lamp performance. You can trust what the Philips packaging is saying about light output, lifetime and wattage equivalent to incandescent lamps.

High quality of light

Bright light energizes and enhances your work and play. This light can help you stay focused making tricky tasks simpler.

Instant start

Immediate light when switched on: that is the promise of our instant starting energy-saving lamps.

Specifications
