Ancestra

LED luminaires

The Philips Lumec Ancestra LED post top and pendant luminaires present a new twist on an old-fashioned design. By combining the best aspects of past and present forms with the best that modern technology has to offer, the Ancestra luminaires epitomize Philips Lumec's design philosophy beautifully: to combine the best technology with an elegant design. Equipped with an optional copper cupola, a decorative cage, and crown accents, the result is a luminaire that complements any project with rustic flair and modern appeal without sacrificing photometric quality.

Benefits

- Versatile luminaires available with various style options.
- Post top and pendant versions available to suit a wide range of applications.
- Multiple lumen packages with output of up to 9,249 lumens.
- Type 2, 3, 4, & 5 optics available.
- Highly efficient IP66 optics are protected from the elements and ensure optimal photometric performance.
- Color temperatures 4000K and 3000K are available.
- Dimming driver is standard.
- Maximizes energy savings with multiple driver options and programmed dimming options.
