

Product Description

Twister

Energy-saving lamp in a decorative, spiral shapeOptimal combination of high energy efficiency and compact size

Benefits

- Decorative look; lamps can be used in places where they are directly visible, adding some decorative effect
- Very compact size and wide range allowing easy replacement of most GLS lamps from 25 W up to 150 W
- More than 80% energy saving effect compared with incandescent lamps of similar light output
- Fewer replacements and high energy efficiency ensure lower energy bills and lower total cost of ownership

Features

- Spiral-shaped alternative to incandescent lamps
- More light from the same wattage and length compared to other CFL-I lamps
- Better light distribution compared with common 'stick' CFL-I lamps
- Average lifetime up to eight times longer than an incandescent lamp

Application

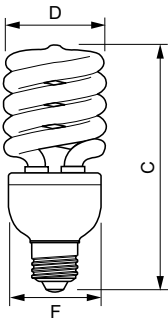

- Replacement of incandescent lamps both in professional and home applications (hotels, restaurants, shops, individual)

Versions

27W, E26/E27
