The original!

MASTER PL-S 2 Pin

MASTER PL-S is an efficient low-wattage compact fluorescent lamp, typically used for decorative and orientation purposes. The original Philips-invented bridge technology guarantees optimum performance in the application, enabling more light and higher efficacy than the bended technology. The 2-pin version is designed for operation on electromagnetic gear and is provided with a plug-in/pull-out lamp base

Benefits

- Optimal light performance for short or long operation per switch-on
- Optimal light performance for short or long operation per switch-on
- Multiple light color choice
- Multiple light color choice
- Good color rendering (CRI <gt/>80)
- Good color rendering (CRI <gt/>80)

Features

- 2-pin base with a housing incorporating the special instant starter and capacitor
- 2-pin base with a housing incorporating the special instant starter and capacitor
- Fluorescent tri-phosphor technology
- Fluorescent tri-phosphor technology
- Low light depreciation over lamp life
- Low light depreciation over lamp life
