

Energy saving lamps designed for stairway lighting

MASTER Stairway

Long life & high switching non-covered energy saving lamp. With superior numbers of switching cycles, it is suitable for stairway lighting

Benefits

- Save your money with long life-time and high energy efficiency compare to incandescent lamp
- Highly resistant to on/off switching, lifetime independent of switching on/off

Features

- Long-Life and Energy saving alternative to Incandescent lamps
- Fast Run-up
- Super suitable for frequent switching

Application

- Designed to replace incandescent lamps in applications with frequent switching on/off; for indoor and outdoor use
- Enclosed fixtures required for outdoor applications
- Not suitable for use with dimmers or electronic gear
