

A premium interior linear cove and accent luminaire with solid-colour light

eColor Cove MX Powercore

eColor Cove MX Powercore delivers the highest light output in the line of solid colour linear cove lights from Color Kinetics. With medium and wide beam angles and a range of fixed colours, luminaires can be used for accent lighting as well as wall and ceiling cove applications. Offers environmentally conscious buyers a green, energy-efficient lighting solution without sacrificing quality or quantity of light.

Benefits

- Easy to install
- Compact and flexible in positioning

Features

- Integrates patented Powercore technology – Powercore rapidly, efficiently and accurately controls power output to fixtures directly from line voltage, eliminating the need for external power supplies and allowing long product runs. Contractor-friendly installation dramatically simplifies installation and lowers total system cost.
- Support for multiple voltages – Accepts line voltage input of 100–277 VAC for consistent installation and operation in a variety of locations.
- Dimming capability – Patented DIMand technology offers smooth dimming capability with selected commercially available reverse-phase ELV-type dimmers.

eColor Cove MX Powercore

Application

- Retail
- Exhibit lighting
- Hospitality
- Architectural lighting
