

# Pacific Performer WT360C – excellent, efficient and easy

## Pacific Performer

If you want to reduce your energy costs and join a growing number of companies doing their part for sustainability, then the Pacific Performer WT360C is for you. Featuring a fresh new design, this waterproof luminaire combines highly energy-efficient T5 lamp technology with a new reflector system offering excellent beam control. What's more, installation is quick and easy, thanks to the flexible ceiling brackets and smart end-caps. And because the light engine itself can be replaced, it will be possible to upgrade to LEDs in the future without having to change the entire luminaire.

### Benefits

- Excellent optical performance
- Easy to install
- Light source upgradeable to LED

### Features

- New reflector system providing excellent beam control
- Flexible ceiling brackets and smart end-cap for easy installation
- Light engine that can be upgraded to LED

### Application

- Parking garages
- Industry
- Under-canopy lighting
