

RCS750 3-circuit square track system – flexible and multifunctional

3-circuit Square RCS750

The RCS750 3-circuit square track system is made up of a solid aluminium track available in lengths of 1, 2, 3 and 4 m with four electrical conductors. Any given configuration can be created easily: horizontal or vertical, mounted on or in the ceiling, on the wall or on free-standing panels. The system can also be used as a floating structure. All luminaires have a separate power supply and can be switched selectively. They can be moved easily to change the lighting and presentation. In this way, a multifunctional track system can be created for accent lighting as well as for suspending advertising and decorative material. A range of adaptors, power supply connections and mounting accessories is also available.

Benefits

- Flexible 3-circuit track system for the professional user, allowing any required configuration to be created relatively easily
- All luminaires have separate power switching so they can easily be moved, for example to create changing atmospheres in shop windows or interiors
- Can be applied as a 'floating' structure using the suspension tubes and clamps provided

Features

- Can be used with all Philips LED 3C track spots
- Available in lengths of 1, 2, 3 and 4 m
- Available in three finishes – white, black, aluminum
- Range of adaptors, power supply connections and mounting accessories available

3-circuit Square RCS750

Application

- Retail
- Indoor architectural lighting

Versions

RCS750 track, white

ZRS750 EP BK (XTS41-2)

ZRS750 ICP WH (XTS21-3)

ZCS750 5C6 CPF BK (XTSC623-2)
