

eW Burst Compact Powercore – high-output, exterior white spotlight for accent and site lighting

eW Burst Compact Powercore

eW Burst Compact Powercore is a high-output, exterior-rated LED lighting fixture designed for accent and site lighting. Standard and compact format Architectural and Landscape versions deliver high-quality white light in a choice of warm or neutral color temperatures, as well as four solid colors, to support a range of uplighting, floodlighting, and decorative lighting applications. Integrated Powercore technology ensures rapid, efficient and accurate control of power output to the fixture directly from line voltage, eliminating the need for external power supplies. Use of standard wiring dramatically simplifies installation and helps lower total system cost.

Benefits

- High-quality white and solid-color light
- Versatile light positioning
- Cost-effective, easy to install, and long lifetime

eW Burst Compact Powercore

Features

- Choice of neutral (4000 K) or warm (2700 K) white light; also available in four solid colors (red, green, blue and amber)
- 14°, 23°, 41°, and asymmetric 10° x 41° spread lenses project a soft-edge beam; native 8° beam angle offers extended light projection.
- Tilting through a full 180°. Architectural fixtures can also rotate through a full 360° for precise aiming.
- Smooth dimming capability with many ELV dimmers
- Integrated Powercore technology

Application

- Uplighting
- Floodlighting
- Decorative lighting
