PHILIPS Lighting

eW Burst Compact Powercore – highoutput, exterior white spotlight for accent and site lighting

eW Burst Compact Powercore

eW Burst Compact Powercore is a high-output, exterior-rated LED lighting fixture designed for accent and site lighting. Standard and compact format Architectural and Landscape versions deliver high-quality white light in a choice of warm or neutral colour temperatures, as well as four solid colours, to support a range of uplighting, floodlighting, and decorative lighting applications. Integrated Powercore technology ensures rapid, efficient and accurate control of power output to the fixture directly from line voltage, eliminating the need for external power supplies. Use of standard wiring dramatically simplifies installation and helps lower total system cost.

Benefits

- \cdot High-quality white and solid-colour light
- \cdot Versatile light positioning
- Cost-effective, easy to install, and long lifetime

eW Burst Compact Powercore

Features

- Choice of neutral (4000 K) or warm (2700 K) white light; also available in four solid colours (red, green, blue and amber)
