# iW Burst Compact Powercore – high-output exterior spotlight with variable colour temperature

## iW Burst Compact Powercore

iW Burst Compact Powercore is a high-output, exterior-rated LED spotlight designed for accent and site lighting. It combines channels of warm and cool LEDs to offer variable colour temperatures ranging from warm to cool. Standard and compact format Architectural and Landscape versions support a range of uplighting, floodlighting, and decorative lighting applications.Integrated Powercore technology ensures rapid, efficient and accurate control of power output to the fixture directly from line voltage, eliminating the need for external power supplies. Use of standard wiring dramatically simplifies installation and helps lower total system cost.

**Benefits**

- Wide range of colour temperatures and brightness
- Versatile light positioning
- Cost-effective, easy to install, and long lifetime

# iW Burst Compact Powercore

## Features

- Variable colour temperature ranging from 2700-6500 K
