PHILIPS Lighting

ArchiPoint iColour Powercore – daylightvisible LED point with intelligent colour light

ArchiPoint iColor Powercore

ArchiPoint iColour Powercore is a daylight-visible, exterior-rated LED point of light ideally suited for a range of direct-view and beacon applications, as well as for accent applications such as path and marker lighting. These versatile low-profile fixtures display large-scale video, graphics, and intricately designed dynamic effects in a host of settings, including architectural, retail, and entertainment installations. ArchiPoint iColour Powercore offers high-intensity output with the efficiency and cost-effectiveness of Powercore technology in a rugged aluminum housing. Powercore delivers line voltage and data to fixtures over a single cable, dramatically simplifying installation and lowering total system cost.

Benefits

- \cdot Easily visible in brightly lit urban environments and daylight even in direct sunlight
- Integrated Powercore technology
- Multiple lens options

Features

- Outputs over 7,000 nits of intelligent colour light, perfect for large-scale video, dynamic effects, and other direct-view applications
