Vaya Tube – A compact linear direct-view luminaire for dynamic colour-changing or crisp white accent lighting effects

Vaya Tube

Vaya Tube is a compact direct-view linear LED lighting solution for exterior accent and low-resolution graphic lighting applications. From static contour lighting to media graphics with a resolution up to 150 mm, the DMX and KiNet-controllable system can transform entire facades with bright and uniform light, in White or Mono colour. The light-weight luminaire minimises the loading onto structures and cladding elements, while run-lengths of up to 12 m (40 ft) per Control Module port (x2) allow for flexible wiring. Simple push 'n' click connectors ensure a simple, fast and reliable installation.

Benefits

- Small form factor and lightweight
- Up to 20 fixtures (1.2 m / 4 ft) in two runs
- Reliable and cost-effective

Vaya Tube

Features

- Uniform beam of light at a 165° viewing angle
- RGB or mono-colour with up to 15.25 cm/6-inch resolution
- High brightness creating eye-catching effects
- KiNet and DMX512 control
- 3-year warranty

Application

- Outdoor accent and contour lighting
- Low-resolution graphics
