

Ultra compact exterior-rated line- voltage linear LED grazing luminaire for crisp white lighting effects

Vaya Linear LP G2

Vaya Linear LP is a super slim outdoor linear luminaire for low-level grazing applications, with wide 120° beam or elliptical 28° x 84° optics. Its slim form factor is ideal for space-restricted applications with limited set-back or allowable install height. The robust Vaya Linear LP G2 offers a variety of colour and white CCT options with either static on/off- or dynamic control options via standard DMX-512. The discreet design with integrated power supply and waterproof connectors makes wiring simple, fast and reliable.

Benefits

- Suitable for space-restricted and low-profile applications (indoor and outdoor)
- Fast and easy installation
- Allows low-level grazing or exterior cove lighting applications

Vaya Linear LP G2

Features

- With its miniature size and custom-designed optics, the Linear LP is ideal for small spaces and close set-back distances.
- Simple – Directly processes 100 to 240 VAC input, all in one slim housing, eliminating the need for bulky external low voltage power supplies and related cabling limitations, allowing for greater installation flexibility and a lean installation.
- Optional On-Off or DMX-512 control allows for dimming and dynamic control with industry standard protocols, allowing for easy set-up and third-party system integration.
- Available in two different lengths and available in wide or elliptical beam angles, a selection of four colour temperatures from warm 2,700 K to cool 5,000 K, various mono colours and adjustable mounting brackets make the Vaya Linear series a versatile toolbox for a host of interior and exterior linear lighting applications.
- An anodised aluminium housing, tempered glass, pressure equalising air vents and IP66 outdoor rating protect this product against harsh outdoor environments, while waterproof connectors ensure a reliable and fast installation.

Application

- Exterior cove lighting
- Low-level grazing
