

Illuminating Streets in Style

CitySpirit Cone LED BDS470

Beautifully designed lighting adds heart and soul to any city. It enables public spaces to be well-lit and rightly lit, invigorating communities and making everyone feel safe and welcome. Philips CitySpirit Cone LED is an energy-saving LED lighting solution that does not compromise on aesthetics. Its luminaire, mast, and bracket carry an integrated and stylish design that beautifully blends into any urban landscape. Various combinations of optical components generate lighting effects that meet different lighting requirements and ensure visual comfort at the right light level. Available in two different color options with versatility, consistent light quality and impressive energy efficiency.

Benefits

- Energy efficient
- Lower maintenance cost

Features

- Unique design - sleek and stylish, fits into any urban landscape
- Long-lasting - lifetime is over 50,000 hours
- Versatility - symmetrical, asymmetrical and road configuration light distribution meet requirements of different lighting applications

Application

- Plaza
- Residential area

CitySpirit Cone LED BDS470

Versions

CitySpirit Cone LED BDS470 PSU 7043

Application Conditions

Maximum dim level	Programmable
-------------------	--------------

Approval and Application

Mech. Impact protection code	IK09
------------------------------	------

Surge Protection (Common/Differential)	4/2 kV
--	--------

Controls and Dimming

Dimmable	Yes
----------	-----

General Information

CE mark	CE mark
---------	---------

Optical cover/lens type	Polycarbonate micro lens optic and very high- efficiency reflector
-------------------------	---

Driver included	Yes
-----------------	-----

Light source replaceable	No
--------------------------	----

Number of gear units	2 units
----------------------	---------

Initial Performance (IEC Compliant)

Init. Color Rendering Index	>70
-----------------------------	-----

Mechanical and Housing

Color	Clear
-------	-------

General Information

Order Code	Full Product Name	Light source color	Optic type
911401612903	BDS470 C 35xLED/NW PSU 220-240V TB 7043	740 neutral white	Road-lighting reflector
911401613003	BDS470 C 35xLED/WW PSU 220-240V TB 7043	730 warm white	Road-lighting reflector
911401613103	BDS470 C 35xLED/WW PSU 220-240V TA 7043	730 warm white	Asymmetrical
