

The right light makes the moment

Premium LED candles & lusters – Dimmable and features

Create a warm, inviting ambiance with the Philips dimmable Premium LED candles. The Philips LED WarmGlow candles offer a new experience for dimmable LEDs, by enabling light levels to dim to the warm tones of traditional lamps. You can change the ambiance from functional lighting to an inviting and cozy atmosphere.

Benefits

- Philips dimmable Premium and WarmGlow LED candles can be used with most dimmers to create your desired ambience with smooth dimming to 10% of full light levels
- Philips Premium candles deliver huge energy savings and minimize maintenance costs without any compromise on light quality

Features

- Easy (retrofit) replacement ideal for general lighting applications
- Unique design and light effect that mimics the light quality of incandescent lamps
- Up to 90% energy saving compared with traditional incandescent lamps
- The gradual dimming feature of the Philips LED Warm Glow range enables light levels to dim to the warm tones of traditional lamps

Application

- Hotels, restaurants, bars, cafés
- Lobbies, corridors, stairwells, reception areas
