

Built for performance - Waterproof Lighting solution for Dusty and Humid application

Smartbright WT200/201 waterproof

Smartbright Waterproof luminaire is a special application luminaire designed to provide uninterrupted lighting for dusty and humid indoor application. It is a perfect solution for lighting up indoor spaces like multilevel car park, open canopies in bus stations and general industrial applications. The luminaire has all-weather polycarbonate housing and highly efficient electronics with LED system to offer long useful life even in adverse application and environmental conditions. With unique design, variety of options in lumen packs and color temperature makes it suitable for diverse applications.

Benefits

- Rugged & Suitable for dusty and humid environment
- Ensures long useful life and reliable performance even in extreme conditions
- Greater energy savings help end users to reduce ROI
- Application & Design freedom provides flexibility to user
- Creates a diffused natural light, ensuring visual comfort
- Easy to install

Smartbright WT200/201 waterproof

Features

- High ingress protection – IP65
- High Impact resistance- IK08
- Compact integral design with superior efficacy > 120lm/w
- Multiple lumen packs & CCT
- Light color: 4000K, 6500K, SDCM<5
- High Surge Protection – 4KV
- Ripple < 5% & THD < 10%
- EMI-EMC Compliance
- Over Voltage Cut-off@ 325V
- Co-extruded polycarbonate housing
- Easy to install-External click fixing mounting arrangement

Application

- Multi-level parking lots
- Industrial sheds
- Public areas
- Damp Areas

Versions

WT201C LED
