

Chopstick - Clean, minimalist design with big performance and optimal energy-efficiency for mainstream architectural applications.

Chopstick Wall LED

Fixture scale, performance, lighting quality and budget—why compromise? Chopstick offers small size with big lighting performance and a price point that makes it ideal for use in many different types of spaces.

Benefits

- Slightly bigger than a business card in an inconspicuous scale
- Up to 108lm/W efficacy
- Wide lateral distribution in the upper hemisphere enabling wider row spacing

Features

- MesoOptics and Light Guide panel producing optimal batwing distribution
- Suspended and complementary wall mount versions
- Choice of flat or sculpted endcaps

Chopstick Wall LED

Application

- Office
- Banks
- Hospitality
- Fashion
