

Good for hazardous locations

HZ Series Hazardous LED Exit Sign

The HZ Series is designed and tested for locations requiring a hazardous location classification. It is ideal for areas that handle flammable gases, vapors and combustible dusts such as petroleum refineries, spray finish areas, flour and feed mills.

Benefits

- Built for extreme environments
- Designed for increased protection against incidental or intentional abuse

Features

- Constructed of impact resistant, fiberglass reinforced polyester gray housing and includes stainless steel hardware
- Wall mount unit
- Self powered models feature the Intelli-Charge self-diagnostic circuitry

Application

- Hazardous Location
