

i4 Inground - durable and discreet illumination

i4 Inground

Hadco's i4 Inground luminaire is a line voltage fixture ideal for landscape application. It includes a composite body and trim ring. The i4 is available in incandescent, HID and CF sources with an optical system that allows 15° lamp articulation either side of vertical and 358° rotation without interruption of beam pattern for easy aiming.

Benefits

- Design flexibility
- Ensures long-lasting durability
- Prevents water leaks
- Glare control

Features

- Available with a variety of conventional lamp technologies
- Offers several optic types
- Single-piece composite housing
- Rock guard available

Application

- Landscape
