

iL336 – durable and discreet illumination

iL336 Inground

The iL336 composite inground is a low voltage luminaire that delivers the signature engineering and rugged construction that has made HADCO the leader in landscape lighting. Our patented lamp holder has integral fins to allow the height and angle of the lamp to be adjusted without any mechanical moving parts. Fixture offers 360° lamp rotation and up to 45° off vertical aiming adjustability, restricted only by the cutoff of the housing.

Benefits

- Ensures long-lasting durability
- Adjustable height and angle
- Increased design flexibility
- Quick and easy installation

Features

- Rugged construction
- Lampholder contains integral fins
- Pre-wired

Application

- Landscape
