Lighting

RX1 - LED performance, unique architectural style

LED Cobra Head Small RX1

The RX1 LEDGINE is an excellent solution for LED Street Lighting. The RX1 LEDGINE maximizes energy savings and provides uniform and comfortable white light. The low copper, die cast aluminum housing has a traditional cobra-head style and low profile. The long lasting design is a complete Philips solution and is environmentally sustainable. The design and performance work in several applications including city centers, downtown streetscapes, major and minor roads. The variety of options will provide a solution for replacing a variety of sources.
