

SleekVision – forward thinking, functional lighting

SleekVision Bollard LED (VBC)

Now you can enjoy high-performing, energy-saving LED technology without worrying about the harsh glare or pixelization that can occur with LED luminaires. With the full, comfortable glow of new Lumec SleekVision Luminaires with ClearGuide Technology, you can breathe new life into nighttime city spaces, strengthen a community bond, and enhance a sense of security throughout the night. This state-of-the-art, outdoor urban bollard luminaire uses a revolutionary, unique, vertically-oriented light engine that creates transparency during the day. While at night, the center comes to life with full illumination, and free from the glare typically found in standard LED technologies.

Benefits
