

# Designed for the illumination, electrical shielding and infection control requirements of the surgical suite

## SurgiCare Recessed Sealed 2x2

The SSTR Series is designed for the illumination, electrical shielding and infection control requirements of the surgical suite. The asymmetric/symmetric light distribution provides the ambient illumination while contributing supplemental illumination for the surgical field. SSTR luminaires are available in a variety of lamping options. The housing is fully sealed to minimize potential room contamination and simplify cleaning. Meets MIL-STD 461F, wet location listed and is IP65 rated.

### Benefits

- Continuous hinged door allows simplified installation and servicing

### Features

- Meets MIL-STD 461F, Wet location, and is IP65 rated
- Seamless door frame

### Application

- Hospitals and Care Centers
