

Creativity and continuity can coexist

PureForm LED area large P34

Gardco PureForm bollard LED integrates a sleek, low profile design, extraordinary light output, and energy savings into an innovative pedestrian scale luminaire. PureForm bollard features a high performance optical system designed to achieve wide spacings and full cutoff performance. Three heights available for a customized look. IP66 optics, and IP65 housing ensure dust or moisture will never interfere with performance.

Benefits

- Sleek, low profile design blends in with architecture.
- Seamless integration with the latest controls solutions makes management easy, further enhancing value.

Features

- Standard arm, wall bracket, adjustable slitter, and retrofit arm mount available
- Precision optics designed for optimal spacing and performance
- Type 2, 3, 4, 5, 5W, AFR and BLC optical distributions
- A full range of control options provide additional energy savings
