

Accent with accuracy, install with ease

Mini Gimbal Downlight LED

The Lightolier LED Mini Gimbal downlight lets you emphasize without the size. The product is easily adjustable below ceiling to highlight the object or surface. The small detachable junction box eliminates the need for a traditional frame or bulky remodeler kit, making installation quick and easy.

Benefits

- Adjustable. Up to 30° tilt and 360° rotation
- Quick and easy to install compared to installing a traditional accent downlight frame or remodel kit
- Same finish as the Flat and Mini Downlight

Features

- Detachable junction box & spring clips make installation quick and easy
- Product meets NEC (National Electric Code) via remodel NEC clip
- Optional 6' or 20' extension cable allow flexibility with placement of junction box
- Perfect product if ceiling space is an issue

Application

- Residential
- Light Commercial
- Hospitality
