

The light you want at the budget you need

Philips Lightolier LED Track Head is the latest budget-friendly addition to track lighting. This pint-sized cylinder delivers great performance compared to halogen, while consuming less energy. The Track Head driver is completely integrated, has engineered optics and a thermal management system which deliver a uniform, targeted beam of light. When it comes to track lighting, this is an easy choice.

Benefits

- High lumens & low wattage at a fraction of the cost of other LED track lighting solutions
- Provides the efficiency, output and lifetime only an integrated LED solution can offer
- Easy installation with no need to replace halogen lamps and bi-pin sockets
- Compact housing and integrated LED solution provides a clean, sleek look, that doesn't draw attention away from where it's needed

Philips Lightolier LED track head
