Exit/Emergency

44R Series

LED edge-lit exit sign

One for all, all in one

44R Series, a universal edge-lit
exit that defines flexibility

Designed for surface or recessed mounting to the wall or ceiling, or to be surface end mounted, the Chloride 44R Series is the one exit sign able to meet all of your application needs. With its field rotatable edge-lit exit panel and contemporary design, it is the clear choice to provide the reliable quality and flexibility desired in exit signage.

Reliability

Advantages

- Exit panel rotates to any angle from 0° to 180° allowing ceiling, wall, or sloped ceiling mounting with the same exit sign.
- Can be recessed or surface mounted for ceiling applications and recessed, surface or end mounted for wall mount installations. All of this is accomplished with using ONE catalog number.
- A distributor can order and stock ONE catalog number, all in ONE carton, for any of the FIVE applications.
- The universal edge-lit with battery comes standard with self-diagnostic/self-test circuitry. This feature exempts the building owner from the burden of monthly testing of every exit sign.
- Field selectable chevrons eliminate the need to specify the arrow designation.

Ordering guide - Surface Mount Exit Only

Family	No. of Faces	Housing Finish	Panel Color
Surface Mount 44RL LED (AC Only) ER44RL Emergency LED	1 Single Face ⁴ 2 Double Face	Blank Satin Aluminum housing w/black end caps	R Red G Green

1 Available only on the "Universal Mount" signs.

2 The reverse image of the EXIT letters can be seen on a single face clear panel if viewed from the opposite side. To prevent seeing the reverse image of the EXIT letters, specify RM or GM for single face signs with a mirror background.

3 Not available on housings with a white finish.

4 Must order the "Universal Mount" version for a surface mount single face exit sign with a mirror background.

NOTE: For (8" Letters) New York City edge-lit exit signs, refer to specification sheet number CN-26200.
