General Purpose
Arm Mount

Dusk to Dawn

Brighten spaces evenly, without glare

A great performing LED light for general purpose and security areas that fits your budget.

The Philips Stonco Dusk to Dawn is only on when you need it. And with LED technology, you will get up to 70% energy savings over HID fixtures and a much longer life*. This fixture can be direct mounted to a wall with quarter inch lag bolts or can mount onto a 1 ½" inch diameter arm. You can order the arm separately, but Dusk to Dawn easily retrofits onto existing arms for one of the most affordable and energy efficient options on the market

The refractive lens design spreads the light evenly, so you can brighten those outdoor spaces without glare.

Predicted Lumen Depreciation Data indicates a lifetime > 48,000 hrs**

**Predicted performance derived from LED manufacturer's data and engineering design estimates, based on IESNA LM-80 methodology.

Dusk to Dawn LED

DTD

- Excellent choice for general areas, where lighting can enhance security.
- Provides up to 70% energy over HID.*
- Refracted lens design spreads light evenly and significantly reduces glare.
- Direct mount or arm mount – compatible to retrofit onto existing arms easily.
- Dusk to Dawn is sturdy, fade and abrasion resistant, built of a one-piece die-cast aluminum housing.
- 5 year limited warranty.

*DTDLED rated 39 input watts is 70% less versus metal halide systems rated 129 input watts.
