

TrueLine, recessed

RC530Z EP WH SET (2PCS)

TrueLine ACC, White

Architects need a lighting solution that matches the interior architecture of the property they are working on. They want a light line with an elegant design and very high light levels. Specifiers need luminaires that enable them to save energy while at the same time providing the right level of light, in compliance with office lighting norms. TrueLine, recessed is able to meet both sets of requirements. TrueLine is also available in a suspended version.

Warnings and Safety

- The product is IPX0 and, as such, is not protected against water ingress. Therefore, we strongly recommend that the environment in which the luminaire is to be installed is suitably checked.
- If the above advice is not taken and the luminaires are subject to water ingress, Philips / Signify cannot guarantee safe failure and the product warranty will become void.

Product data

General Information			
Angle	-	Overall width	75 mm
Accessory color	White	Overall height	78 mm
Service tag	Yes	Dimensions (Height x Width x Depth)	78 x 75 x 45 mm
Product family code	RC530Z [TrueLine ACC]	Material	Steel
Value ladder	Specification	Approval and Application	
Operating and Electrical		Ingress protection code	IP20 [Finger-protected]
