# **PHILIPS** Lighting

# **CoreLine Waterproof**

# WT120C LED34S/840 PSU L1500

Coreline Waterproof, 840 neutral white, Power supply unit (On/Off)

CoreLine waterproof delivers on the CoreLine promise of innovative, easy-to-use and high-quality luminaires. With its slim and stylish design, it retains the product architecture that the range is well-known and appreciated for. Installation is quick and easy, all thanks to its efficient design. CoreLine waterproof provides better wide-beam light distribution for straightforward and effective lighting. A direct replacement for traditional waterproof luminaires with fluorescent lamps ranging from 18W up to 58W, it delivers significant energy savings. Interact Ready luminaires with integrated wireless communications are also available in the CoreLine waterproof range, ready to be used with Interact connected lighting system.

## Warnings and Safety

- UV radiation will damage the material over time resulting in loss of waterproof sealing and IP66 rating.
- · Do not install the luminaire in locations where it will be exposed to direct sunlight.

## **Product data**

| General Information      |   |
|--------------------------|---|
| Lamp family code         | -   |
| Light source replaceable | No  |
| Number of gear units     | 1 unit  |
| Driver included          | Yes   |
| Feed-through wiring      | Simple Connection and removable cover           |
|                          | available for feed-through wiring 1-phase       |
|                          | (internal wiring is not included)               |
| Remarks                  | *-Per Lighting Europe guidance paper            |
|                          | "Evaluating performance of LED based            |
|                          | luminaires - January 2018": statistically there |
|                          |   |

|                     | is no relevant difference in lumen           |
