

# **Cleanroom LED**

## CR444B LED88/940 PSD W30L120 AC-MLO PI

Led Cleanroom mod. 600 lay-out, LED Module 8800 lm, 940 neutral white, Power supply unit with DALI interface, Acrylate micro-lens optic, Push-in connector 5-pole

Customers operating highly hygienic facilities — in hospitals, laboratories, and certain production environments, e.g. in the food industry — require special IP65, easy-to-clean, dust-free luminaires that meet all applicable lighting requirements and norms. With the latest LED engine on board, this LED cleanroom luminaire represents the ideal solution, delivering market-leading energy performance — far beyond fluorescent solutions — over 50,000 hours of maintenance-free operation. This means extremely low operational cost over the total lifetime of the luminaire, and so an excellent financial return on investment. The luminaire's high color rendering properties ensure the top-class optical performance required in e.g. clinical areas in hospitals and other areas where it is crucial to be able to distinguish between colors, such as in the graphical and clothing industries.

#### **Product data**

| General Information      |   |
|--------------------------|---|
| Lamp family code         | LED88 [LED Module 8800 lm]                |
| Cap-Base                 | - [-]                                     |
| Light source replaceable | No  |
| Number of gear units     | 1 unit                                    |
| Driver included          | Yes                                       |
| Remarks                  | *-Per Lighting Europe guidance paper      |
|                          | "Evaluating performance of LED based      |
|                          | luminaires - January 2018": statistically |
|                          | there is no relevant difference in lumen  |
|                          | maintenance between B50 and for example   |

| B10. Therefore, the median useful life (B50) |  |
