TrueLine Recessed OC - 1 pc - LED Module, system flux 5000 lm - 840 neutral white - Power supply unit with DALI interface - Visible profile ceiling version - Width 0.08 m, length 1.50 m - - - Push-in connector 5-pole (PI) - White - Office compliant version

Architects need a lighting solution that matches the interior architecture of the property they are working on. They want a light line with an elegant design and very high light levels. Specifiers need luminaires that enable them to save energy while at the same time providing the right level of light, in compliance with office lighting norms. TrueLine, recessed is able to meet both sets of requirements. TrueLine is also available in a suspended version.
